**Preeti Engineers**

An aerial photograph of a large offshore oil rig in the middle of the ocean. The rig is a complex of steel structures, including a central derrick, various platforms, and cranes. It is supported by a network of legs extending into the water. The sky is blue with some light clouds, and the water is a deep blue. The rig is the central focus of the image, with another smaller rig visible in the distance to the right.

## About Us

# A Legacy of Innovation and Excellence

Over the past few decades, Preeti Engineers has experienced significant growth and technological advancements.

We are Preeti Engineers, engaged in dealing with Material Supply & Service providers in mainly automation work in the petroleum industry. Founded in 2019, March. We are working with MNCs like Atos India Pvt Ltd, Pine Labs Pvt Ltd, Reliable Communication pvt ltd etc.

Preeti Engineers, a leading import and export of petroleum industry equipment and products, now supports eight large-scale manufacturing plants pursuing cutting-edge innovation in India, which produce industry-certified solutions for the petroleum industry.

## **Our Vision**

With 5 years experience our vision is to be a leader in Oilfield Industry by providing best equipment and services at most economical prices and to achieve sustainable growth and prosperity for Preeti Industries by meeting the needs of customers working in the oil and gas industry worldwide.

## **Our Mission**

To be a leader in the oil and gas field for manufacture and service industry by:

- Providing tools and equipment of latest design standards which are fully customized
- Providing services which exceed our customers' expectations
- Maintaining a work environment that is satisfying to our employees
- Conducting our business in accordance with highest ethical standards.

## Meet Our Leadership

At Preeti Engineers, we are committed to delivering innovative solutions with a focus on quality and precision. Our dedication to excellence drives us to continually exceed industry standards and meet the evolving needs of our clients. Together, we are shaping a future of technological advancements and sustainable growth.
